DETAILED ACTION

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: The prior art of record does not disclose or suggest, *inter alia*, a method for displaying images of a patient in a medical navigation system assisted by x-ray images, said method comprising: calibrating an x-ray device in the medical navigation system to obtain registering information enabling an x-ray image acquired by the x-ray device in any one of a plurality of different positions to be registered in the navigation system; using the calibrated x-ray device to produce a plurality of two-dimensional x-ray images of the patient from different positions; during the producing step, determining positions of the x-ray device using the medical navigation system, said determining step producing positional data; using the x-ray images, positional data and registration information to produce three dimensional image data registered in the navigation system; and using the registered three dimensional data and/or two dimensional x-ray images to display images on an image output device for use during a medical procedure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
